

# RunCrossCorrelations\_AcrossSmallArray\_PlotAndMapResults- forStudents-AfterCompletingRunning

July 16, 2020

## 1 A Little Array Processing & Mapping

### 1.1 Goals:

1. Use Cross-Correlation Techniques Learned & Apply to Many Stations
2. Look through Cross-Correlations Results at Many Stations quickly
3. Look through Results and see if can spy surface wave from virtual source to all other stations

```
[2]: # imports..

import numpy as np
import obspy
import obspy.signal.filter
