

Attention: SoCal Teachers!

Join **NSF National Geophysical Facility (NGF) Educators in Action: Curriculum Studio** for a collaborative, hands-on professional learning experience for middle and high school science teachers.

In **2.5 days**, you will:

- **Strengthen your understanding** of Earth processes.
- **Network with peers** and experts.
- **Update and adapt educational resources.**
- Leave with **revised, classroom-ready activities!**

Stipend, hotel, and per diem provided!

**NATIONAL
GEOPHYSICAL
FACILITY**
Operated by EarthScope
