ALUMNI CAREER PATHS POST IRIS INTERNSHIP (1998–2018).

Arrows are labeled with the number of interns who completed that pathway and are scaled accordingly. Boxes include a snapshot of the number of interns who are in that stage of their career at the time of the survey (June 2018). For example, 23 alumni are still completing their bachelors' degrees, 58 alumni completed undergraduate degrees and enrolled directly into a PhD program, and 36 alumni have completed masters' degrees and have entered the workforce.
